

Rex Semi LS 2T

2-Stroke Motorcycle & Scooter Engine Oils

PC: 790300301

Rex Semi LS 2T

2-Stroke Motorcycle Oil

This is a 2-stroke engine oil that has been made from the most excellent semi-synthetic base oils. Additives are added that ensure complete engine lubrication. It reduces deposits in the combustion chamber and flushing ports. Also, it contains very high cleaning properties in order to clean the spark plugs. This ensures that the engine will keep its power over time. The formulation ensures that there is low to little smoke formation and this product is perfectly suitable for high-speed as well as heavily loaded air-cooled 2-stroke engines. This product can also be used in engines with water cooling/radiator cooling.

BASE OIL: SEMI-SYNTHETIC

SPECIFICATIONS

API TC	JASO FC
ISO L-EGD	JASO FD

GRADE	METHOD	UNIT	VALUE
Density	ASTM D4052	kg/l	0,866
Kinematic viscosity @ 40 °C	ASTM D445	mm²/s	64,6
Kinematic viscosity @ 100 °C	ASTM D445	mm²/s	9,5
Viscosity Index	ASTM D2270		129
B.N. (HCL04 method)	ASTM D2896	mg KOH/g	1,4
Pour point	ASTM D6892	°C	-24
Flash point	ASTM D92	°C	116
Sulphated ash content	ASTM D874	%	0,14
