Rex Race 2T

2-Stroke Motorcycle Oil

This is a full synthetic lubricant for 2-stroke motorcycle engines that are used in fast track racing and competition racing. This product has a very high lubricating capacity compared to other 2-stroke motorcycle engine oils. Due to the very high detergent power ring sticking and deposits are avoided. This product can be used for competition purposes, where mixed lubrication is necessary. This product can be used in circuit racing, road racing and motorcross. The advised dosage is 3 a 4% and for motorcross 2%.
