

Joba T SAE 15W40

4-Stroke Motorcycle Engine Oil

This is a motorcycle and scooter engine oil that is made out of the finest mineral base oils. This product is very suitable for (city) touring, racing a cross motors. This product is developed with ester technology additives that ensure that there is optimal friction prevention. This product can be used in vehicles where the API SF/SG /SJ or SL oil is prescribed. With the development of this product, it has been formulated in a way that it offers excellent protection to the gearbox and wet disk clutches. Also, it is very suitable for daily city work-life traffic and the cold start properties ensure optimal engine protection even at cold starts. The JASO MA specification on this product ensures that it can be used in all 4-stroke motorcycle and scooter engines with one oil system for engine, gearbox and wet clutch.
